#### AFTERNOON SESSION

The Association was called to order at 1:30 P. M. by Bro. A. T. Cinazmond, Moderator, after prayer by Bro. S. W. Rogers.

#### REPORT ON LAYMEN'S WORK

The Laymen's Missionary Movement appeals to laymen from the Laymen's standpoint to give themselves faithfully and loyally to the advancement of the cause of Christ. It urges business men to pray daily, study diligently, plan wisely, serve zealously, and give generously in all the work of the kingdom. It pleads for more religion in business and business in religion. It stresses the doctrine of Christian Stewardship, advocating that God holds a supreme claim on our time, our talent, and our substance. Its missionary ideal is expressed in these words: "It is the whole duty of the whole church to preach the whole gospel to the whole world."

**Organization**—The organization for the Laymen's work in Mississippi consists of an Executive Committee of five strong laymen with headquarters at Jackson, and a county chairman of laymen's work in each county who will undertake to carry out in the church all plans and programs designed to enlist and develop the churches and the church members.

**Activities**—The interest and activity of our laymen in all the work of the kingdom have been greatly stimulated as a result of the 75 Million Campaign. Men are attending church services in larger numbers than ever before; large classes of men are found in nearly all of our Sunday Schools; capable laymen are taking a leading part in all our denominational programs.

**75 Million Campaign**—The receipts in Mississippi from the campaign from August 1, 1920 to August 1, 1921 were \$485,358.41, distributed as follows:

Foreign Mission .....	\$123,774.04	Ministerial Relief .....	\$6,795.44
Home Mission .....	77,662.15	Orphanage .....	14,561.65
State Mission .....	92,223.80	Hospitals .....	25,725.59
General Objects .....	8,736.99	Southwide Objects .....	19,415.53
Christian Education \$116,493.22			

**Tithing Campaign**—The biggest thing before our laymen at this time is the campaign now on throughout the South for one-half million tithers. The plan provides for a State Steering Committee of seven members, composed of the Chairman of the Laymen's Committee, of the state, Corresponding Sec'y. of the State Convention Board, Corresponding Sec'y. of the W. M. U. Sec'y of the B. Y. P. U., State Secretary of the S. S. Work, a representative pastor, and an enlistment missionary.

Each county will be organized along the same lines and the county organization will undertake to organize every church for securing a definite number of tithers. The plan provides for a round-up week including two Sundays from November 27th to December 4th. Every church will be expected to secure a number of tithers equal to one-sixth of its membership or 16.23 per cent of the church enrollment. Better developed churches will be expected to secure a considerably larger number. The quota for Mississippi is 30,000.

**Recommendation**—Your committee recommends that this Association endorse the tithing campaign and undertake within the bounds of the Association to secure a number of tithers equal to at least one-sixth of the total membership of the Association.

J. H. OLIVER.

#### REPORT OF WOMANS MISSIONARY UNION

The Woman's Missionary Union is composed of the following organizations: Woman's Missionary Society, Young Womans Auxillary, Girl's Auxillary, Royal Ambassadors for boys and Sunbeams for little folks.

The Union sets for itself five definite aims: Stewardship, Service, Study Supplication and soul winning.

Our women are learning that Stewardship involves far more than the meeting of our Campaign pledges, church expenses or giving of any material substance like money. Yet these matters are being stressed as of very special importance; so much that while our first year was regarded as "victory" year in the campaign and our second year as "Loyalty" year, this is looked upon as the "Sacrificial" year by the W. M. U. Our women are stressing the fact that aside from the giving of money we must needs give time, strength, heart and interests to needy lives and worthy causes.

Our women are sending boxes to hospitals, orphanages, aged Ministers, and Ministerial Students; and sending 4 young women to our Baptist College thus preparing them for lives of service; and eleven young women to our training school to prepare them for efficient work on the home or foreign field.

Study courses are being carried on as never before by the entire W. M. U. Supplication and Soul winning are twin aims, deeply set in the hearts and lives of our women who are longing to see the coming of the Kingdom; to see the Kingdom made ready for the return of the King.

This report sets forth the following recommendations:

First. That each Pastor in our Association be requested to organize in his churches each branch of the W. M. U., whenever practicable.

Second. That this Association plan for a Sunday School Normal to be held in this county in 1922, and that the subject of missions be taught to our women and young people.

Respectfully Submitted,

MRS. LOUIS GOWAN.

The above report was read by Mrs. H. T. Vaughn and spoken to by Dr. P. I. Lipsey and A. F. Temple Adopted

Committee on Assignment made its report.

On motion of Bro. W. A. Williams, the Association unanimously voted its grateful appreciation to Bro. D. L. Brown of Kosciusko, for his faithful work in this Association, and expressed its sincere regrets that he was unable to attend this meeting.

A prayer was offered for the recovery of the wife of Rev. W. M. Whitten of Weir, Miss., who is seriously ill.

Association adjourned until 9 o'clock A. M. on the following day.

#### SATURDAY A M SESSION

After devotional exercises conducted by Bro. Marshall Beach, the convention was called to order by the Moderator at 9:30.

Reports as follows were read, discussed and adopted.

#### REPORT ON ORPHANAGE

We rejoice in the good report from our orphanage at Jackson, Miss. It is now in its 25th year and has cared for, during this time, about one thousand

and children, many of whom have grown into manhood and womanhood and are now filling places of usefulness in homes of their own, many of them, in offices, hospitals machine shops, on the farm, and in almost all the vocations of life.

We learn from our superintendent that the health of the children is fine. They have not had a death from sickness in four years and are caring for an average of 150 children all the while. These children are gathered up here and there from the most hopeless and unpromising surroundings and doctored up and fed up and trained up into useful men and women.

The boys are trained in agriculture, stock raising, dairying, truck growing, carpentry, and machinery. The girls are trained in the art of cooking, sewing, washing ironing, fancy work and general housekeeping.

All the children of the orphanage have the advantage of a good school for eight months in the year under efficient teachers and attend Sunday School and preaching every Sunday. and those who are christians are trained in christian work in their own senior and junior B. Y. P. U's and altogether are our children at the orphanage are being specially fitted for useful christian citizenship.

We urge most strongly that our people make it a point to pay their pledges to the campaign and let the orphanage and all the work of the Kingdom go forward to the good of humanity and the glory of our Master.

#### REPORT ON MINISTERIAL RELIEF

We believe that the Minister who has come to his day of retirement, or who for any reason, has become disabled, is in every way worthy of our sympathy, prayer and financial support. The same thing is true of their widows and orphan children. These men and women were faithful to God and his cause, in the midst of the greatest sacrifice in laying the foundation for the work of Christ in this state, and surely they should receive our hearty support in their declining years. Other Christian Organizations are far ahead of us in this department of work and in the discharge of this Christian obligation. Even railroads and some other business and worldly institutions care for their old and faithful employees. We should not only strive to emulate other Christian and worldly institutions, but we should furnish the old heroes of our faith the support they so richly deserve.

The Convention Board located in Dallas, known as the Relief and Annuity Board, has taken over the work of the States. The aim of the Board is to give aid and comfort to the disabled Ministers, as well as those who have come to their day of need and retirement, and to their widows and orphan children such aid as their exigencies demand, and as their financial con-

dition will allow.

I believe that one of the finest ways to adjust this great phase of our work, for the future, is for the churches to support their pastors, so that they can fare like other people and lay by enough in their active years to have a home of their own, and not have to live on a small pension, and this they can do if the churches will give them fair treatment, and they will economize by living in the bounds of their income and as the ant, provide a little each year for their future protection.

L. A. ROEBUCK

Discussed by L. A. Roebuck and C. S. Johnson.

At this point Rev. W. A. Williams made a report as the representative to S. B. C. at Chattanooga last May. Pledges for funds to pay expenses of delegate to Southern Baptist Convention were made.

#### REPORT ON STATE MISSION

The State Mission work is divided into several departments:

1st. Church Extension. The Board is assisting 154 churches to pay their pastors salary and in the building of 31 houses of worship. These two objects have an appropriation of \$56,524.74

2nd. Enlistment and Associational Mission Work. The Board has had in the field six enlistment men and twenty-one missionaries. Some of these missionaries have taken up pastoral work. The Board appropriated for this purpose \$50,000.00.

3rd. Preachers School. The Board adopted a plan of holding three-day Bible Institutes. There were twenty-six of these schools conducted. In addition to this the Board paid the railroad fare and the expenses of twenty three fourth time preachers for twenty-four days in the Baptist Bible Institute.

4th. Evangelistic Campaign. At the School of Evangelism, held at Miss. College, 175 preachers were enrolled. The Board paying half the expense. Of the 1600 churches in Mississippi there were listed for evangelistic meetings 1237 and up to August 10 there had been 4,735 additions reported.

5th. Sunday School and B. Y. P. U. Work. For this work there was set aside \$13,600. The Sunday School Board furnishes \$3,500.00 of this amount. Bro. Bird has had several workers assisting him during the summer months. The Sunday School Board paying half the expense. Total diplomas up to date 5,579; total awards 590. There have been 40 professions of faith in the Sunday School work during the year.

6th. Publication. The circulation of the Baptist Record is about 13000. A campaign is on to run the subscription list to 20,000. The Baptist Book Store is another agency which is giving the people the best reading matter. Several thousand tracts have been distributed, and the Circulating Library

is reaching many readers.

**Recommendations**—We offer the following recommendations. 1st. that a vigorous campaign be put on by all the churches during the months of Oct. and Nov. for the collection of outstanding pledges. 2nd. That the churches put forth an effort to enlist every Baptist family in subscribing and reading the Baptist Record. 3rd. That each church do its best to enlist all of its members during the tithing campaign.

### REPORT ON HOME MISSION

The Home Mission Board is the only great interstate missionary organization of Southern Baptist. Its work is largely cooperative with various State Mission agencies. It thus forms a bond of union and has probably been the greatest force among Southern Baptist for the unification of our denomination.

Through the missionary and enlistment forces of the Home Mission Board much is being done to conserve our vast host of country Baptists and to enlist them in our denominational work.

The Board has just closed the most remarkable year of its history, both in the amount of funds received and in the results accomplished, as was shown in the Board's report to the Southern Baptist Convention in Chattanooga in May.

At an annual meeting of the Board in June 1920, the work was laid out on a basis of 100 per cent greater than that of any previous year. The calls were so numerous and compelling, fields so white unto harvest, and the spirit of the brotherhood so optimistic in view of our great success in the 75 Million Campaign, that the Board, by the urgent advice of the various State Mission Secretaries, was emboldened to project its work on a new and vastly enlarged scale.

At that time cotton was forty cents a pound. The prices dropped so suddenly and drastically that during half the year cotton was only about ten cents. This brought a serious financial situation with the Board. Heavy obligations had been assumed which could not be cut off. The Board retrenched where it was possible, but in spite of this had to report a debt of \$727,622.00. Consequently for the year they have had to retrench very materially in order to take care of the indebtedness as well as the current expenses.

The Board needs immediate help in order to maintain its credit at the banks. To meet the current expense, and lessen the burdensome debt.

Let us conclude this report with a brief statement of results of the year's work which are truly inspiring.

In the Evangelistic Department there were 15,567 baptisms, 22,089 addi-

s to the churches. Since the Department of Evangelism was organized 907 there have been baptized 124,103 converts, with a total of additions to churches of 169,102 members; and 17,611 volunteers for the ministry and mission work. A great record, indeed.

Among the foreigners, Indians and Negroes there were 2,157 baptisms 3,208 additions to the churches; in Cuba and Panama 178 additions to the churches, the contributions of the native churches \$11,849.

The above sets forth briefly some of the inspiring accomplishments of Home Mission Board and attests the efficiency of this great agency in helping to make the South Christian and Baptist and through it to bring the blessing to the whole world.

We recommend that earnest prayer be offered constantly for our great mission work and that churches immediately come to the help of the Board with contributions in order that the glorious work may be carried forward and the Board may soon be relieved from its burdensome debt.

### REPORT ON PROHIBITION

The whole prohibition proposition resolves itself into two chapters. The first pertains to legislation, and has been very satisfactorily written, and will

ised from time to time as new situations arise. The second chapter  
as to the more difficult and equally important work of the law enforce-

would require too much time and space to follow legislation in all its  
and development in our state and nation. Such a course would, no  
be interesting, instructive and even inspiring, and the data are easily  
able; but we must content ourselves for the present with just a cursory

ve the amendment to the Federal Constitution, known as the Eighteenth  
ment, prohibiting the manufacture, sale, importation and exportation  
intoxicants as beverages. Section 2 of this amendment provides that  
Congress and the several states shall have concurrent power to enforce  
article by appropriate legislation." That is, violators may be prosecuted  
Federal court under Federal laws enacted for the enforcement of this  
ment, and they may be prosecuted in state court under state laws for  
enforcement. Or the same violator may be prosecuted in both Federal  
state courts for the same offense, as is some times done.

While the approval of only thirty-six of the 48 states in the Union was  
ed, 45 ratified the amendment, Mississippi being the first, 39 of the  
have prohibition laws, showing from whatever standpoint viewed,  
is an overwhelming majority for prohibition.

Also have the Volstead law, which contains the machinery of operat-  
the Eighteenth Amendment. These two advance steps have provoked  
nor forces to continue their fight against prohibition, engaging all their  
es. The liquor forces were never better organized, never had more  
le money, and were never more desperate and determined. They are  
recruits and otherwise strengthening their organization daily. They  
present making a frantic effort through cheap doctors, whiskey law-  
and all lovers of liquor to have beer legalized as a medicine, though  
has pronounced and repeatedly emphasized the fact that it possesses  
rapentive value whatever.

Things which immediately concern Mississippians are the large num-  
illicit stills which dot our fair land and the bootlegging and debauchery  
flow. The large amount of lawlessness found in every portion of our  
a standing challenge to Christian manhood. If conditions get to be  
five times as bad as they are, the good men and women will become  
d, shake off their lethargy and plunge into the fray as they did forty  
go.

When the Federal Government extended its strong arm in co-operation  
e states, it seems that every body about laid aside the state laws and  
ng entirely upon the Federal activities. It was never contemplated,  
r, that the states would relax their efforts in law enforcement, and  
wholly or largely upon the Federal authorities. We are allies against  
non foe, and therefore the fullest co-operation should be maintained.

Nothing like satisfactory results can ever be reached except by all doing their duty. Our state has strong prohibition laws; and, if all the state, county and municipal officers would do their duty and all good citizens do theirs, illicit stills and bootlegging would soon rapidly decrease. All of us need to understand that no law, however good, is self-enforcing.

There is no time for lovers of church, Sunday School, home happiness and prosperity to sleep. The slogan should be, "Up and doing." For the prohibition forces to disband or even relax in their activities would be a suicidal policy, and prove prohibitionists unworthy of their profession and the great work entrusted to their leadership. No army can afford to disband or decrease even when the enemy is strengthening its lines. The voice of ministers in the land should ring out in clarion tones, calling our people to the colors. A great revival of prohibition sentiment is much needed at this time, and the preachers must lead. Much more labor and money will be needed, and Christian people must spur up, or all we have achieved will be in peril. There is real danger of losing the fruits of a hard earned victory. Up to this date, the Anti-Saloon League has proved itself the most effective agency in handling the prohibition funds. Therefore it is suggested that money given for state, national or world-wide prohibition be entrusted to this agency.

In view of the seriousness of the situation, we would recommend that a vigilance committee consisting of three men and two women be appointed to keep posted with reference to conditions within our territory and report them to the Anti-Saloon League, Jackson. Also that all Christians be urged to cooperate as fully as they can with the committee.

#### REPORT ON CHRISTIAN EDUCATION

Baptists have always been pioneers in the field of education. The first public school in America was founded in Rhode Island, in 1675, by Dr. John Clarke, a Baptist Minister. But even before this time, our Baptist forefathers had established an institution of higher learning designedly for the purpose of producing a trained leadership for the churches of their faith and also for the state.

Baptists have to educate. There is no alternative. Our doctrine, our church government, and our program makes it imperative.

Mississippi Baptists have four colleges under their management and control, three senior colleges and one Junior college. The three senior colleges are, Mississippi College Clinton, for boys only; Mississippi Woman's College Hattiesburg for girls only; Blue Mountain College, Blue Mountain for girls only; and our junior college, Clarke Memorial, Newton for girls and boys.

### REPORT ON SUNDAY SCHOOL WORK TO KOSCIUSKO ASSOCIATION

We have read somewhere that "Obedience to the Law of Duty is Supreme". Obedience then to duty should touch the greatest and noblest in man. The voice of duty is the voice of the Supreme. The Great I Am in our souls.

The words spoken by Christ known as the great commission "Go ye into all the world and make disciples" should be ringing in our very souls. Can-

not we recognize our duty to this Great Commander. He says teaching them to observe all things, Baptizing them into a newness of life assuring us of His presence until the end.

We understand from this that the person who has been baptised into the church is to be taught and to be instructed in the word of God, that His Kingdom and Righteousness may be revealed in the heart of men. It would be great if we just could get all of our church members, the fathers and mothers into the Sunday School and enlist them in the work. How easy then would it be to control the children.

Our schools are divided into departments and the great need is the wisest way to reach these departments, to successfully handle them and advance them as they should be. I consider the organized class, having its officers and each ones duty specifically assigned and carrying this out in every detail. It is necessary to have something definite in view all the time to interest the child. Another great help in the work, that if the finance of the school well permit, is that all the classes be furnished with literature for their departments.

I consider the pastor of the church a great asset to the Sunday School. He should be enthusiastic in its development out of which he expects to get material to maintain the work of the church. He as well as the superintendent should avail himself of the opportunities to attend the normals, Conventions, assemblies and so on, that he may bring to the Sunday School helpful suggestions and be a light in their pathway.

Another consideration which would seem to be a help. The attractiveness and equipments of our Sunday School rooms, having everything suitable for the work.

Will mention another very important asset, and to my mind the best and which cannot be too strongly emphasized, and that is the well trained teacher. The object of the Sunday School is to teach, instruct and imparting the things divine, and this cannot be successfully done until we are trained and equipped for that purpose. And may I say a consecrated Christian life to back it all up. We are glad to note that many training schools are being held for the training Sunday School workers, and many are taking advantage of them, so they will be able to go forth and battle in the vineyard of the Lord.

May it not be long before every church in the Kosciusko Association will have a thriving Sunday School, well equipped and consecrated Christian teachers.

### REPORT ON BAPTIST HOSPITAL, JACKSON, MISS.

The past year ending August 1, 1921 has been a very good year for the Baptist Hospital.

We treated during the year, 1107 patients. 161 of these were charity patients. The amount of charity done from August 1 1920 to August 1 1921 was \$5,283.90. We have 18 girls in the nurses' training school. Four have graduated in the last year.

We would urge all W. M. U's and other church organizations to do personal service in directing the attention of worthy young women to this noble Christian service. We especially suggest that young women entering the nurses' training School should at least be a high school graduate.

The hospital extends its thanks and appreciation to the different Sunday Schools and church organizations for their generosity in sending nice boxes of linen to the hospital.
